

Zerr Berg Architects (ZBA), an architectural firm located in Fargo, ND, is hiring a full-time Interior Designer. Applicants would be responsible for managing the entire interiors portion of assigned projects and coordinating with team members to complete work on time and within the client's budget. ZBA is a growing, full-service architectural firm providing design services for projects of all types. Our people are passionate about serving the communities we work and live in and building relationships with our clients that extend far beyond the project. Our workplace is engaging and highly collaborative, offering opportunities to get involved and make a difference!

This position is located in Fargo, ND and can include travel to the surrounding region as required. Our comprehensive benefits package for full-time employees includes health, dental, and vision insurance, 401(k) retirement plan, and paid time off.

Responsibilities:

- **Construction Documents:** Drawing and detailing floor plans, reflected ceiling plans, floor finish plans, interior elevations, and casework details.
- **Specifications:** Research and select interior finishes that would best meet specific project requirements and budgets. Contribute to spec writing. Coordination of lighting/plumbing/HVAC fixtures and finishes.
- **Finishes:** Selection/reselection, research and rep meetings, finish presentations, maintain product library with current materials, create finish boards, finish bins for ease of construction administration.
- **Furniture/Artwork/Accessories:** Procurement/commissioning, layout, finish selections and coordination with vendors/providers.
- **Client Interactions:** Work directly with clients to program needs and present design concepts. Conduct site visits to problem solve and address questions and concerns during construction.
- **Visualizations:** Create interior 3D views and renderings for clients, including postproduction work.
- **Construction Administration:** Shop drawings, submittals, and site visits.

Qualifications:

- Bachelor's degree in interior design
- 4+ years of experience in commercial design or similar
- Proficiency with REVIT, Sketch-Up, Photoshop, Bluebeam, and Microsoft Office
- Experience with rendering programs like Lumion is a plus
- Interpersonal and problem-solving skills
- Attention to detail, creativity, and vision
- Able to work in a collaborative environment engaging in all aspects of the design process from conceptual design to completion
- Ability to manage the entire interiors portion of assigned projects and coordinate with team members to complete work
- Manage multiple projects simultaneously
- Work independently on projects

Job Benefits:

- 401(k)
- 401(k) matching
- Paid time off
- Flexible spending account
- Dental insurance
- Health insurance
- Life insurance
- Vision insurance

If our mission of **Creating Community through Inspired Design** resonates with you, we'd love to hear from you! All qualified candidates will be considered for this position.
